

HEAVY SPIRITUAL RAIN IN SABAH

The worship was so awesome that it was so easy to connect to the Spiritual Realm to pour down the heavy spiritual rain, the Wind and the Fire of the Holy Spirit upon the people. As we proclaim that Jesus reigns in our lives and lifts up the banner of Jesus, Jehovah Nissi "The Lord is our Banner" the heavy spiritual rain, the Wind and the Fire of the Holy Spirit descends in glory to its optimum to burn out every impurity and 'Adamic nature'. Such heavy weight of His glory – how can one ever be the same again with such heavy weight from Heaven? It is no wonder that we had such heavy spiritual attack prior to entering the land of Sabah. What was most exciting was that one brother from the marketplace shared with us that as I place my foot on Sabah he had a breakthrough. This was a great encouragement for us after a hard and long spiritual battle prior to entering Sabah. Nonetheless we still had to be alert to the strategies of the evil one as I alerted the team and true enough on our first night of revival meeting prior to the meeting, God used me to restore the leadership team and I could sense this coming when I was in Singapore because God showed me His powerful manifestation in the Church that I was ministering. It was my first encounter as I have never been told to meet the Pastoral team before. There were much tension but God soon took over and broke through the barriers and won the battle over Satan's schemes. What else does God not know? We can never hide from Him and we cannot outdo Him.

The ministry in Sabah has been awesome with the restoration of the leadership team and individual's lives in the ministry of counseling and the marketplace where I was invited to speak to a group of professionals, business people and those desiring to get into entrepreneurship. The feedback has been awesome as many people were blessed by the prophetic words given and

the teachings. Others told me that it was a reminder to them to answer to their call. One brother in the marketplace shared with me that God had been awesome using my voice as His oracle to release the words to the marketplace people as every word was sharp and accurate. Many others also shared with me that they have not received such teachings before and that they truly need spiritual food like this. I thank God for all the honour given to me as I obeyed Him in releasing what I hear from Him. What is most awesome is the healing that has taken place as I see faces that were in darkness leaving the people and replaced with much joy of the Spirit by the end of Sunday service. Many hearts were restored as

the Fire and the Wind of the Spirit fall upon the people and there were great manifestation of the Spirit. I believe that as the people in Likas Baptist Church continues to be soaked in the Presence of God they will soar to new heights in the Spiritual realm they had never experienced before and I pray that the glory of the Lord will continue to fall upon the people and as they meditate on the Word more and more revelations will take place now that the spiritual rain, wind and fire of the Holy Spirit have fallen upon them to burn and wash away the spiritual blockages.

Many vessels manifested and one brother manifested so much that more reinforcements had to be enlisted to calm the spirit. Praise be to God! He was set free finally as the blood of Jesus and the Power of the Cross were appropriated on his life. One sister was slain in the spirit from where she was sitting and for a long time could not wake up but as I approached her and lay hands upon her in prayer her spirit was awakened and the call to respond to the call of God was rained upon her. To God be the glory! Other healing took place as a result of the Spirit's fire as testimonies were shared with me.

It had been a joyful and successful mission trip. We left behind the fire of the Spirit which we believe will keep burning in the hearts of the people but we bring back great memories of Sabah. The team was spurred to go back to Sabah again for greater work of the ministry especially when we hear that we have to possess this land which once belonged to God, but now in the hands of the enemy. With the burden of souls getting so strong, we really want to see more harvest of souls and we hope this time we will bring revival fire to this nation restoring more souls back to God and to challenge people in the marketplace to get together to be financiers of His Kingdom.

It was a great harvest both in the spiritual and in the natural. The Church was so filled with joy that they presented us with two huge boxes of fish and prawns to bring back to Singapore for our families. We thank God for the opportunity to minister in Sabah and in such power and manifestation of the Holy Spirit way beyond our comprehension. To God be the glory!
